World Robotics Industrial Robot Installations Database - Data Availability Chart

Breakdown by country and application

- Available
- Available but no breakdown by application
- Available but breakdown by application is limited (e.g. only by major classes)
- Surveyed, but no or very few installations reported (data usually hidden due to compliance rules)
- Not available
- Not applicable

Note: Due to compliance rules, some specific data points might not be available although their superior class is available.
Note: Cleanroom applications were not surveyed before 2005 and pick&place was added in 2004.

World Robotics Industrial Robot Installations Database - Data Availability Chart

Breakdown by country and customer industry

- Available
- Available but no breakdown by customer industry
- Available but breakdown by customer industry is limited (e.g. only by major classes)
- Surveyed, but no or very few installations reported (data usually hidden due to compliance rules from 2014 onwards)
- Not available
- Not applicable

Note: Due to compliance rules, effective since 2014, some specific data points might not be available although their superior class is available.

Note: IFR industry classification was refined several times, hence not all classes are available for the full time span (e.g. sub-classes of automotive parts, electronics, and plastics/chemicals)
